

Rick Klatt, Head Coach

A Tradition of Excellence in Competitive Swimming and Water Polo

2012 Swim Year

Dear Fresno Business Owner,

The Fresno Dolphins Swim Team would like you to become a supporter of our young athletes in 2012. Our swimmers, ranging from 4 to 22 years-old, represent Fresno locally, and in regional and national competition as well. Our swimmers practice from 3 to 18 hours per week, depending on their age and ability level. Many maintain "A" averages in school. Year-round swimming teaches these student-athletes to prioritize their time, and in most cases, helps them to become better students. Many of our alumni are currently, or have been, varsity collegiate swimmers at institutions throughout the country. The Dolphins represent about 100 Fresno families with approximately 160 active swimmers on the team. We swim at the Bullard High School Aquatics Complex and the Central Unified Aquatics Complex.

In 2012, the Fresno Dolphins Swim Team will be hosting four swim meets. Each meet will bring about 400-600 swimmers plus their families to the Fresno area. We are looking for local businesses to become Fresno Dolphins supporters by donating whatever you can to help defray the cost of these swim meets, or to advertise in our meet programs. Donations in prior years have ranged from groceries (such as cases of fruit, lettuce, tomatoes, onions, bottled water, Gatorade, juice, pancake mix, etc.), to complete box lunches. We provide lunches (approx. 100-125) for the coaches, officials and the volunteers who will be acting as timers each day at all our meets. In return for your donations, we will advertise your business in each meet program. If you provide lunches, we will make announcements over the public address system in addition to your printed advertisement. We can also display your company banner during the meets.

The Fresno Dolphins Swim Team is a USA Swimming, Inc. sanctioned swim team and also a non-profit organization. ***Our tax ID number is 94-2771579.***

We appreciate the assistance of our long-time supporters and we thank those of you who are new supporters of the Dolphins. We cannot run a program of this quality without help from people like you.

Sincerely,

Fresno Dolphins Swim Team Parent
