

Kris Rouleau – Administrative Vice Chair Candidate

My name is Kris Rouleau and I am a candidate for Minnesota Swimming's Administrative Vice Chair position. I have held this position since 2012. In that time, I have served on MSI's Strategic Planning team, worked closely with our Executive Director, Staff, and other members of the Board to align our policies & procedures with our mission & vision, and have helped integrate USA Swimming's expectations into the work of our LSC. I also served as MSI's first Meet Director Guide for the "Go Team" that supported Granite City Aquatics in hosting its first meet in the fall of 2013, and was Co-Meet Director for the MSI hosted 2014 Senior State Championship Meet. I am currently coordinating MSI's application for LEAP (LSC Evaluation and Achievement Program) Level 2 certification.

In addition to my work at the LSC level, I have also been an active volunteer at the club level. I currently serve as Volunteer Director for Edina Swim Club, and have served as a club president, registrar, national team coordinator, and meet director in the past.

As a swim parent, I have had the opportunity to travel to meets across the U.S., and in doing so have learned about the culture of other LSCs and their approach to competition, meet hosting, and governance. These experiences have certainly influenced my thinking about our work in Minnesota.

I truly believe in the slogan of our new cultural identify campaign, "We are MNSwim." I am committed to working with all of the teams in our LSC to bring this slogan to life as a shared effort to provide the best possible opportunities for all of our athletes. I look forward to serving MSI in a second term as Admin Vice Chair. Thank you for your support!
