Potential issues and how to respond

What if you receive a report that someone in the stands is acting suspiciously?

Go directly to the individual and politely ask them who their swimmer is, and their team affiliation. Determine the purpose of their attendance. If they are taking pictures, ask to see their pictures. Explain that your concern is athlete safety. You have now put the person on notice that they are being watched. If the answers you get are not satisfactory, take the appropriate action, up to and including contacting authorities.

What if you receive a report that there is a suspicious person in the locker room?

Notify facility staff/security if you are in a shared use facility. If the facility does not have its own response procedure, you and another adult and/or facility security should go immediately to the locker room and confront this individual. Make sure all athletes in the locker room are safe and then determine why the individual is in the locker room. If the individual attempts to leave, follow him/her until you have determined there is no further threat and that no further action is necessary. Remember, you are not the police. Any hint that this person should not be in the locker room will likely warrant a call to the authorities.

What if you get a report of a peer to peer incident on deck or in the locker room?

Talk with all athletes involved to determine what has happened. It is important to involve parents/guardians and the coach in any discussions with athletes. Remind all involved of Article 304.3.7 and Article 304.3.8 (D) which addresses bullying and peer to peer abuse.

- Deck changing is (prohibited/strongly discouraged) at all times. Please help us by having your swimmers use the locker rooms or other designated areas for changing, and support our Meet Marshalls when they remind your swimmers about this rule.
- Rubdowns or massages are not allowed except by a Licensed Massage Therapist or other certified professional, who is not a coach. Any rubdown or massage performed at the venue by a licensed professional must be conducted in open/public locations and must never be done with only the athlete and licensed massage therapist in the room. If you plan to have a Massage Therapist with you at the meet, please inform the Meet Director prior to the meet and discuss an appropriate open/public location for their services.
- Athlete members are not allowed to sit on the laps of coaches and Non-Athlete members who are not family. If you see this, please remind the adult of Article 305.1 of the Athlete Protection Policy. This behavior not only looks inappropriate, but is a violation of the Code of Conduct.
- As we ask all our volunteers and staff, if you see something suspicious or something that makes you uncomfortable involving any athlete at the meet, please report this to the Meet Referee or Meet Director immediately.

Deck Changing: A Guide for LSC Leadership

If a deck changing incident is not resolved during the meet at which it occurs, the Meet Director or Meet Referee should contact the LSC General Chair and/or Safe Sport Chair. The LSC General Chair and Safe Sport Chair together should decide who should speak with the coach. At that point, the following steps should be taken:

1. Obtain information from the Meet Referee and Meet Director as to the situation that occurred, the mentoring steps taken, and the response of the Coach.
2. Review the situation with the General Chair.
3. Determine who will speak with the coach: the General Chair or the Safe Sport Chair.
4. Potential speaking points with the coach:
 - a. This is a rule, a prohibition, which needs to be followed, like any other rule.
 - b. Recognize that it takes time to change behavior, and with athletes, a coach has tremendous influence and respect. If the coach is not supportive of the rule in front of the athlete, it is unlikely that the athlete's behavior or buy-in will change.
 - c. Younger athletes may pattern their behavior after older teammates or idols such as National Team athletes. The older athletes need to serve as an example of appropriate behavior and decorum for the younger athletes.
 - d. In most municipalities, there are laws/statutes against public nudity (if the body is exposed during deck changing).
 - e. This is a Safe Sport/safety issue for the athlete. People in the stands are more likely to observe deck changing (high bleachers, balcony seating, etc.) and with a more unobstructed view, than Officials, Coaches and Meet Marshals on deck. This increases the potential that an image can be taken, which can then be distributed (rapidly), by social media.
 - f. An image on the internet or through social media (sexting) may be out there forever, bringing lasting ramifications for the athlete.
 - g. A compromising picture of an athlete can be used to blackmail or bully an athlete into a more risky and dangerous situation.
 - h. Knowledge of the possibility of observing deck changing may be an enticement for predators to attend meets, particularly outdoor meets or open water meets where there is more access to viewing and moving more freely throughout the venue.
5. Notify the USA Swimming Safe Sport office of initial report to the LSC Safe Sport Officer, and the actions taken.
6. This may be an opportunity to involve the Zone Safe Sport Chair/Coordinator:
 - a. Assist the LSC Safe Sport Chair and provide mentoring if needed
 - b. Communicate with the coach in addition to the LSC Safe Sport Chair, or instead of the LSC Safe Sport Chair.
