

The Individual Registration Form, included on this web site, allows you to registering with your Local Club: ConocoPhillips Splash Club Masters (CPSC), Extreme Aquatic Master Swimming (EAMS), Lawton Y Tumbelweeds (LYT), Muskogee Masters Swim Club (MMSC), Oklahoma Master Swimming (OKMS), Tulsa Masters Swim Club (TULS), OR Unattached (UNAT) AND United States Master Swimming (USMS). A brief explanation of the fee and the registration form follows:

## **Fee:**

### [Please Register Early.](#)

Registration fees are our primary working capital for the year. Registering at the beginning of the year allows us some indication of our working budget for the year. It also assist in reducing the workload of the registrar and treasurer.

Thank You for doing so.

### [USMS 2010 Fee Increase](#)

AS of registration year 2010 USMS has increased our anual dues by \$2.00 and is reflected in our current registration forms.

## **Registration Information:**

A permanent registration number has been assigned to those who have registered since 2002. We have tried to ease the registration process for those whose information is the same as in the previous year.

### [Previous Registration Numbers and Name](#)

If you have previously registered after 2002, please provide that number on the registration information form.

This is to help the registrar in identifying you if someone else has a similar name. If for some reason that number is not available, please so indicate.

Also supply the name you previously registered under.

### [Last Registered Under a Previous Name](#)

If you **last registered** under a previous name please provide that name independent of what year that was.

In some cases even though you may not have registered after 2002, the National Office may have already assigned you a permanent number. This is particularly true if you have ever held a top ten record.

### [No Change in Registration Information](#)

If the registration information you are providing is the same as last year, you may simply check that box along with providing your previous registration name and number - then sign and date.

If it is the same except for a couple of changes, you may again check that box along with providing your previous registration name and number and complet only the boxes that have changed - then sign and date.
