Hello!
My name is Nicole Sletten, I am a Junior at Sun Prairie High School, as well as a swimmer for Sun Prairie Storm. I have been swimming for a little over 6 years and I have enjoyed every minute of it. When I first started swimming at the age of 10, I joined a club team but I could barely swim and I was given two weeks to try it out. I gave it the whole two weeks and even though it was hard, I persevered, driven by my determination for improvement. Two years later, I made it to state in the 100 yard backstroke.

When I'm not swimming, I enjoy coaching dedicated swimmers. You will also see me on the pool deck lifeguarding. As a coach and a swimmer of Wisconsin, I feel that I have a great amount of experience to bring to the table. As a Representative of Wisconsin Swimming, I would bring my enthusiasm for swim and eagerness to learn and become a go-to person for swimmers and those who love the sport as much as I do.

Thanks!
