best SCY or SCM time during the Qualifying Period that meets or is faster than the SCY or SCM time standard for the event.

SEEDING ORDER All non-conforming seed times shall be seeded after the seeding has been done for conforming times and non-conforming seed times shall not be seeded ahead of any conforming time.

A "conforming" time is defined as one from a swim which matches the pool setup for the meet. A "non-conforming" time is one from a swim swum in a pool setup other than that for which the meet is being conducted. Conforming times for the Kentucky Swimming Long Course A Championship Meet must be from 50 meter pools. All times from other length pools will be considered non-conforming times.

For seeding purposes, the entries for each event will be ranked as follows:

- 1. the top seed is the fastest, conforming LCM time,
- 2. followed by all remaining conforming LCM seed times in rank order,
- 3. followed by the fastest non-conforming SCM seed time,
- 4. followed by all remaining non-conforming SCM seed times in rank order,
- 5. followed by the fastest non-conforming SCY seed time,
- 6. followed by all remaining non-conforming SCY seed times, in rank order.

All Senior and 13-14 girl and boy's 800 meter and 1500 meter freestyle events will be swum as combined heats, by gender, but scored separately. The heats will be swum fastest to slowest, alternating girls and boys. At the discretion of the Meet Referee and depending on the number of entries, these events may be super-seeded, whereby the top 8 seeded swimmers in each age group will swim together.

PRELIM For Prelim Competition, the final 3 heats will be circle-seeded.

SEEDING

RELAY CARDS Relay cards will be distributed in each team's meet packet. Each relay team is responsible for delivering their completed relay card to the lane timer prior to the start of the heat. # To facilitate the running of the meet, coaches are encouraged to include relay names during the entry process, but still have the right to make changes up to the start of the race.
