

January 9, 2012

Hello BBA families,

Thank you for the wonderful welcomes from the swimmers, parents, board, and coaches! There are many things to be accomplished this year, and I am happy to contribute to the success and growth of the team.

During my first few weeks, I plan to visit and work with all group levels. I am anxious to meet all of our swimmers and parents (this may take a while). I look forward to learning what motivates our swimmers and what expectations of BBA parents have.

I am eager to see the different facilities we use, and also to help our State Meet Swim Committee with the logistics involved hosting one of the highest level meets sanctioned in Michigan Swimming. I want to thank all of the parents who have already set time aside to help BBA on the weekend of March 9-11, and I encourage you to schedule volunteer sessions later this week when an automated sign-up is posted on the website. BBA has a great history of hosting big swim meets, and this is the next big one!

BBA has a long history of excellence, and I am proud to be a part of this next chapter. Over the next few days, I'll put together a schedule of the practices I'll be attending. Please take the time to come in and introduce yourselves.

Go BBA!
Coach Vince
