

Signing up for a USA Swim Meet

1. You will receive notification approximately 30 days prior to a USA Swim Meet's occurrence regarding DRD's participation in an area swim meet. Typically you have 5-7 days after receipt to declare your intention to attend. Please pay close attention to the dates since entry is very time sensitive. Some meets fill up very quickly so we have to stay on a tight deadline regarding the overall team's entries to ensure DRD is able to attend.

2. The link on the e-mail notification will direct you to DRD website or you can go directly to the website and find the meet sign up under the header "Events". Either way you must sign into the website.
