

DRD Virtual Drylands

PURPOSE

The Dearborn Dolphins recognizes the prevalence of electronic communication and social media in today's world. Many of our swimmers use these means as their primary method of communication. We would like to offer a virtual training opportunity for our athletes to promote engagement with the club, exercise to keep up with swimming conditioning, and to connect athletes with their teammates and coaches. During our time outside of the pool practicing social distancing, we hope this provides an outlet for our athletes to come together and become better swimmers outside of the water.

GENERAL CONTENT

USA SWIMMING Covered activities include Virtual dryland training/instruction under the direct supervision of a USA Swimming member coach. The instructor should be able to communicate visually and verbally with the participants at all times during instruction.

- Workout Time: 5:45-6:45p Monday through Friday. Please note: times are subject to change if the group is deemed large enough to constitute an additional workout window. This will be communicated with members after Monday.
