

#	Description	Example
1	<ul style="list-style-type: none"> It is easier to do these next few steps on a desktop / laptop rather than on your phone. You must create a GMAIL account (email), if you do not already have one. Bring up web browser (Chrome or IE) https://support.google.com/mail/answer/56256?hl=en Click Create an Account and fill in what they ask you. 	
2	<p>Now that you have your account setup:</p> <ul style="list-style-type: none"> Go to google calendar: https://www.google.com/calendar/ Select Other Calendars, then select Add a friend's calendar <p>Note: what you are doing is attaching Oly's google calendar to your base calendar (your gmail email address), so you now have ability to add your entries to this calendar so that you get a unified calendar that meets your family's needs.</p>	
3	<ul style="list-style-type: none"> You may subscribe to all of these calendars if you so desire. To subscribe to multiple calendars, you must follow step 2 for each calendar subscription In the Contact Email input box, these are your options: (must type exactly as shown) Click Add when done. <p>Junior 3: oly.junior3@gmail.com</p> <p>Junior 2: oly.junior2@gmail.com</p> <p>Junior 1: oly.junior1@gmail.com</p> <p>Technique: oly.technique@gmail.com</p> <p>Senior: oly.senior@gmail.com</p>	 <p>When finished, your calendar should look like this</p>

- Now we can go ahead and setup your phone to receive your google calendar (your base + OLY)
- I give an example of one type of google phone, so hopefully it is close enough to work for your particular model.
- Click on the Calendar app Icon

- 5
- Click on the Phone Menu Button and select **Calendars**

- Click on **Add Account**

- Make sure that Google is green

	
<ul style="list-style-type: none"> • Hit the back screen button to get back to calendar view, then click on Display 	
<ul style="list-style-type: none"> • Check all the OLY calendars you want displayed, then hit Done • Going back to Calendar view, you should see all the events from the OLY Calendars.
