

MOTIVATIONAL PATCH PROGRAM

After each meet, if your swim improved to a higher time standard you may request the patch for that swim. For example, if your 100 Free time improves from “A” to “AA” and you’d like a patch, email Allison Mitchell (slc3603@bellsouth.net) with the following information:

- Swimmer’s Name
- Swimmer’s Age at time of swim
- Event and Time Achieved (ex: 100 Free time of 1:08.95)
- Meet and Date of Swim (ex: Makos Meet, Oct. 12, 2009)
- Time Standard Patch achieved (B, BB, A, AA, AAA, AAAA)
- Whether an Age Group Patch is needed (large round patch)
- Swimmer’s Practice Location (LAK, CL, NE)

Each patch request will be verified prior to the patch being distributed.

Please remember the Makos Booster organization will only provide one patch per swimmer per stroke and time standard over the course of their swimming career. For example: a swimmer may only receive one “B Freestyle” patch, not one per age group. If you would like to collect these for each age group, you may purchase the additional patches. Currently (October, 2009), the small patches are approximately \$1 and the large round patches are approximately \$5. You may only receive a large round patch after achieving at least one time standard. These costs will also be incurred for replacement of patches. Payment should be made to the Makos Booster organization.

Please email Allison (slc3603@bellsouth.net) with any questions about this program.

For more information about the patch program see the “Patch” link under the “Parents” tab on the Makos website (www.msmakos.org).

The time standards may be found on the Makos website under the “News and Results” tab at the top of the page.
