Dear Robbie,

The TCY Masters Swimming Team is pleased and proud to present the attached check for \$1,000 to the Talbot YMCA for the new electronic timing and scoreboard system. Our entire team is a proud supporter of the YMCA and your programs, and we know that the new systems will enhance the quality of the swimming program experienced by local youth.

We are also grateful for your strong support in the development and growth of our adult masters team over the past few years. Our region-wide meet at the Talbot YMCA every 2 years will also benefit from the new timing equipment and the other improvements that you have made (and are making) to the Talbot YMCA.

This gift has been made possible by the current and past members of our team:
