June 19, 2009

Welcome To The Blue Wave Swim Team!

Whether you are new to club swimming or a seasoned veteran of USA Swimming meets, the Blue Wave Coaching Staff welcomes you to the team. We are extremely proud of our many swimmers and their accomplishments, from their first meet or first "A" time, to their first Junior Olympic or Senior Champs qualifying time. We enjoy seeing our swimmers have fun and develop self confidence and self discipline at practice, meets and on team trips.

Over the past ten months we improved and enhanced our team on all levels and have gone through some positive transitions. We had some changes in coaching staff, who continue to work hard to achieve the potential of every swimmer, and we adopted a new mission statement and vision for the team, which has been embraced by all. In the pool the rapid improvement and cohesiveness of the Blue Wave athletes continues to foster recognition and respect in Potomac Valley. This has come about because of the support each athlete has received this year by their parents in conjunction with the coaches. Congratulations and thank you to all involved in these great accomplishments! They provide the next footholds in our climb towards excellence.

We are very proud of our successes and we are looking forward to the challenges and opportunities of 2009-2010!

Please return all requested pages to the BWST office at 20585 Ashburn Village Blvd. We are experiencing heightened interest in our team and want to make sure that you will get the spot requested by responding on time.

As always, we hope that your experience with our BLUE WAVE family is a great one. Sit back, relax (but don't forget to volunteer), and let our coaches do what they know how to do - teach our swimmers to become great athletes and great people.

Good luck and GO **BLUE WAVE!**

Kind regards,

Mike Kraeuter
