Words from Coach Mark

Yes. We can!

What is the secret of our success?

Very simply - we have fun – in doing what we love
.....swimming.

Swimming at the Nadadores, fun comes from being honest with yourself.

Swimming becomes fun when challenges are accepted and overcome.

Swimming becomes fun when swimmers love the opportunities it provides, when we realize that we wouldn't miss the swimming experience for anything.

And above all else, swimming becomes fun when we face challenges and experiences together.

Sharing work, success, failure and laughter will make any endeavor worthwhile.

A day at the Nadadores never goes by without allowing these special bonds to occur.

Yes. You can - do all the things you love doing, whether that is raising a family or making a buck, while achieving your fitness/competitive goals and excellence in the pool.

Nadadores "Gift Basket" Drive Fundraiser

Masters Theme – ***"A Night Out on the Town"***

Last year the Fundraising Committee along with the support of all the Nadador families successfully raised over \$10,000 with our "Gift Basket" drive and Gala auction items. Specifically each swim group donated themed gift baskets that were raffled/auctioned at the Gala, the Swimathon Kickoff Party and the Swimathon. Masters will again be donating 1 or 2 baskets. These baskets will be collected by May 21th. As always, we appreciate your support with this very important all team fundraiser.
