## Reference List for Allowable Swimsuits Under USA Swimming Rule 102.9 (9/29/2009)

The USA Swimming House of Delegates, consisting of 438 coach, official and athlete members, voted to implement new swimsuit requirements, beginning on October 1. While this earlier implementation date has created some challenges, it was put in place to both avoid interrupting our short course season and protect the integrity of our competitions in the summer of 2010.

The new swimsuit requirements are very specific and technical in nature, but deal primarily with silhouette and material of the suits.

FINA will be the ultimate judge of which materials will be acceptable. However, **in an effort to provide clearer guidance to its membership, USA Swimming asked the major suit manufacturers, in good faith, to indicate which of their suits meet the specified criteria.** The list of those suits is below.

Please note, none of these suits should be considered "FINA approved" until FINA issues its list of 2010 suits. Once FINA publishes its list, some of the suits below may no longer be acceptable.

### Reference List for Allowable Swimsuits

#### ARENA

ARENA X-FLAT

- a) Woman full body short leg open back
- b) Woman Normal Suit (Classic)
- c) Man Jammer

d) Man Brief

Please note, this list is not all-inclusive. Until such time as FINA publishes its list, swimsuits meeting the below criteria, should also be considered acceptable.

1. Swimsuits for men may not extend above the navel or below the knee and for women may not cover the neck or extend past the shoulders or below the knee;

2. No zippers or other fastening devices are allowed except for a waist tie on a brief or jammer; and

3. Suits must be of textile material and must not be made of any rubberized type of material such as polyurethane or neoprene.

If you have additional questions, please email [comments@usaswimming.org](mailto:comments@usaswimming.org).
