COMMENTS

Argentina came out sizzling from the beginning of the game against host Trinidad and Tobago. Tenacious defense from the first minute until the last second of the game was a key ingredient in their victory with a score of 29-7. During the first half Argentina was able to score from precise counter attacks, penalties and extra man situation. Trinidad did not penetrate Argentina's defense with three goals in the first quarter, but just couldn't continue that rhythm for the rest of the game. At halftime Argentine led by the score of 15-3, not allowing Trinidad to score in that second quarter. The second half saw the leading team just keeping the same intensity as in the first half. Both teams worked the ball to get it to their center forward, with Argentina been able to score more effectively from the spot or from extra man situations created from the center forward. Robertson (#10) for Trinidad was the key player for Trinidad scoring five goals. His team will go against Peru during Sunday's games. Argentina, who will go against a tough USAteam Sunday, was led in scoring by Conti (#10) with six goals.

COMMENTS

In a south American battle, Brazil was too strong for a younger Peru team in the second game of the male competition at this Youth Panamerican Championship. The first half was all Brazil, scoring 13 goals and not allowing Peru even a small chance to score. Their scorching defense was very tight, enabling them to get much of their goals from Peru's turnovers and easy counter attack goals. Peru had many opportunities in the first half to score from extra man but were not able to score. In the second half, Brazil continued their ferocious defensive full court pressure. It was in the fourth quarter that Peru was able to capitalize in the small windows of opportunities that Brazil gave them and score three goals, two of them coming from extra man situation. After a loss against USA the day before, Brazil overcame that result and showed that they are a team to be considered for medal contention. Velges (#11) led his team and the game with sig goals. Rodriguez (#10) scored two goals for Peru. His team will go against host Trinidad and Tobago during tomorrow's session, while Brazil will go against Bahamas.

COMMENTS

In a battle between undefeated teams, USA came on top with a convincing 26-9 defeat of Colombia. The americans came out of the gate playing very strong at both ends of the pool. Their superiority from center forward was a key ingredient in the victory. They were able to score goals, get penalties or ejections, that they later were able to capitalize. On the defensive side of the ball they were very quick reacting to lose balls and making the necessary adjustments. That first quarter ended with a commanding 10-2 lead for USA. The second quarter was a very different story, Colombia was able to capitalize on three USA mistakes and one good counter-attack goal to win that quarter 4-3 and trying to get back the momentum needed to close the gap. Whatever the US coach told his players in halftime was very productive. His players came out with fire in their eyes and scored in their first five possession, while at the same time not allowing Colombia many opportunities to score. The last quarter was all USA at both ends of the pool. Most of their goals came from center forward and on defense they did not allow Colombia any easy opportunity. The only goals scored by Colombia came from an extra man situation halfway through the quarter. Love (#9) was the leading scorer for the game and his team with six goals while Pemberty (#8) scored three goals for Colombia. USA plays Argentina while Colombia has to go against top team Canada.

COMMENTS

The last game of the evening session was between the teams representing Canada and Bahamas. For the first quarter the game was as close as it can get. For every goal Canada scored, Bahamas countered with top gun Sastre. This first quarter ended with Canada up 3-2. Bahamas kept the score close with a penalty and an extra man goal, both scored by Sastre. During the second quarter, Canada tighten their defensive scheme, forcing turnovers that turned into easy goals. Bahamas could only score two goals in the quarter for five for Canada. The third quarter was almost an exact copy of the second one, with Canada scoring the first 5 goals and Bahamas the last two. This allowed Canada to take a comfortable 13-6 lead heading into the last quarter. In this last quarter Canada offensively exploded with eight goals while only allowing Bahamas three goals. Canada's extra man play and their precise offensive attacks were solid all the way. Dewitt (#10) led Canada with four goals. His team will play undefeated Argentina tomorrow. Bahamas will go against a tough Brazilian team in tomorrow's session. They were led in scoring by Sastre (#7) with 8 goals.
