### COMMENTS

It was has been the most exciting and close game in the tournament, host team Trinidad and Tobago upended Peru 14-13 in the first game of the afternoon session. The game was very close throughout the four periods. Peru jumped ahead with a center forward shot and an extra man one before Trinidad could break the ice with two extra man goals of their own. The first quarter ended with Peru ahead 5-3. During the second quarter both teams exchanged penalty goals to end the quarter with a 2-2 tie and a 7-5 Peru lead. The second half started with a Peru extra man goal to increase their lead to three goals. From there on both teams were able to score from defensive lapses and turnovers. Peru was able to withstand the crowd's enthusiasm for the host team to hold on to a three goal lead (12-9) to end the third quarter. The fourth quarter was all Trinidad. They were able to penetrate Peru's defense from the center forward position, where they scored once, got two goals from exclusions and one penalty shot. It was a see-saw battle for the last three minutes of the game. During this quarter, Latchman (#6) was pure venom for Peru with four goals. The winning goal was scored with 47 seconds left in the game. Peru had a last chance to score a goal but a costly turnover ruined that chance, allowing the home team to win the game and for the crowd to enjoy every minute of the victory. Rodriguez (#10) of Peru was the leading scorer of the game with 8 goals. His team will go against United States tomorrow. Trinidad will play Colombia tomorrow. For this game they were led by Latchman (#6) and Robertson (#10) with five goals each.

United States continued the dominance of their opponent with a convincing 19-9 win over a very good Argentina team. The key ingredients for USA were the same: very solid strong defense and consistent a error-free offense. The constant pounding of the ball to the center forward was key to so many goals for the USA team. Their center forward, with Pulice (#7) as their leader, accounted for more than half the goals and most of the ejections on their favor. The score would have been by a wider margin if USA would have scored more on their extra man opportunities. The first quarter was a very fast-paced one, with 11 goals been scored (USA-7 and ARG-4). That pace changed in the second quarter. USA started to use a more deliberate attack and use all the shot clock while Argentina could not penetrate the tough man to man defense that USA was employing. The half ended with USA on top 11-5. The third quarter was all USA. They were able to score 5 unanswered goals to increase their lead and seal the game to 15-5. At the end of the quarter Argentina was able to put the ball in the cage to cut the lead to nine goals. The last quarter had both teams exchange goals from penalty shots, extra man situations and counter attacks. The south American team was led in scoring by Giri (#3) with four goals. Bahamas will be their next opponent. USA, who plays Peru in their next game, was once again led by Pulice (#7) with seven goals

### COMMENTS

The third game of the afternoon session was between two very aggressive and well-balanced teams in Colombia and Canada. Even though the final score doesn't reflect it, the game was close from beginning to end. Colombia came out in the first quarter ready to show Canada that they are a team to be taken seriously. Both teams played to a tie in the first quarter. It was a different style of play for both teams: Colombia was more of a driving team while Canada pounded the ball inside to center forward. In the second quarter Canada was able to capitalize on Colombia's turnovers to score three goals in the first three minutes of the quarter to increase their lead to three goals. From that moment on, both teams exchanged goals. The half ended with Canada up 9-6. Both teams were able to capitalize on their extra man opportunities, did some good work to get penalties called on their favor, and used the turnovers to score on counter attacks. Until the last minute of the game, Colombia had the chance to cut the lead to one goal, but today it wasn't meant to be. Canada did slow down the pace and was very methodic in the offensive side of the ball, not forcing the ball inside and scoring mostly from center forward. Colombia will play Trinidad in tomorrow's session. Today they were led by Pemberty (#8) with five goals. Canada had a very balanced attack with three players scoring three goals apiece. They will have their hands full tomorrow when they go against Brazil.

#### COMMENTS

The last game of the third day of competition had the teams of Bahamas and Brazil going head to head. Even that on paper the game looked to be a very open one, Bahamas had other ideas. They came out playing their hearts out and kept themselves poised and calm under pressure. For the first three minutes of the game, Bahamas kept the game within reach. With the score 3-1 and just about four minutes gone in that quarter, Brazil just turned on their offensive juggernaut machine and scored the next five goals before Bahamas could score again. During the second quarter, and for most of the game, Brazil kept a tight man to man defense and from almost every possession they had good chances to score either from their counter attacks or from inside water. Time and time again Bahamas tried to penetrate Brazil's defense to no avail. For Brazil this was a necessary win since they have to play a tough Canada team during tomorrow's games. Nardacci (#9) and Melges (#11) were Brazil's top scorers with five goals each. Sastre was once again Bahamas top scorer with four goals. His team will go against Argentina tomorrow.
