It what could be considered a preview of a medal game for this event, Brazil and USA went at each other in a very exciting game. USA came out sizzling, scoring two goals in their first two possessions. Brazil didn't wait much time to counter and score four of their own. Most of the scoring was done from inside the five meters, from extra man and on penalty shots. The first quarter ended with Brazil on top 4-2. The second quarter was all USA. In less than 4 minutes they were able to score five goals, most of them coming from good counter attacks and solid extra man situations. In the last minute, Brazil was able to score one goal, with USA immediately countering with one of their own to end the half with US ahead 8-6. In the second half both teams kept playing strong defense, which led to quite a few turnovers by both teams but not many chances to score from them. Inside five meters USA was very productive, scoring from both sides of the field of play and from penalty shots. Their game from center post was key for them. The final quarter had both teams still playing good defense but not very solid consistent offense. The last quarter ended 2-1 in favor of USA. The Americans were led by Pulice (#7) with 5 goals, Brazil was led by Melges (#11) with four goals. USA plays Colombia and Brazil will go against Peru

The “gauchos” came out playing with high emotions, scoring five consecutive goals on almost every possession they had in the first five minutes of the game, opening a lead that they would never look back to. It was not until there was one minute left that Peru was able to score to reduce the lead to 5-1 at the end of the first quarter. The second quarter was one of very little scoring. Both teams had their chances on extra man and from the perimeter but were not able to capitalize. Argentina scored with around four minutes left and Peru countered with a goal with about 2:45 left in the quarter for the only goals of the half. During the first minutes of the second half, Argentina started to play tougher defense, was able to score on a penalty and counter attack shots, increasing their lead to 11-4 at the end of the third quarter. Peru tried to counter with two consecutive goals with less than four minutes of the game, but Argentina was able to control the tempo of the game and finish with a victory. Colombia's center forward play, tough defense and precise counter attacks were just what they showed during the whole game. Their opportunistic attacks allowed them to work as a cohesive unit. Bahamas never stopped playing hard. During the last quarter they showed that they could compete with the best teams, scoring from inside five meters in three of the five opportunities they had in the last three minutes of the game.
