**Candidate:** Jesse McBurney-Rebol

What qualifies you for this position?

I have 13 years of experience having kids in swimming, including three separate swim clubs, two middle schools, and two high school swim programs. I've seen multiple ways of dealing with challenges and appreciate the uniqueness of MLAC. This is a special organization! I have many years of professional leadership experience in both large and small organizations.

What do you plan to bring to this position?

A foundational focus on communication, contribution, and maintaining positive relationships. I intend to focus on learning the MLAC culture, history, and needs before I intend to bring any personal objectives to the position.

Why are you interested in joining the MLAC board?

My experience as part of a new family with MLAC for the last two years has been fantastic. We have a shark, marlin/water polo, and minnow swimmer and plan to be involved in the community for many years. I want to help sustain and grow the MLAC community so it continues to effectively develop young people for many years to come.

I plan to support MLAC's continuation of successful swimming programs.

Why are you interested in joining the MLAC board?
