

Registering a Returning Swimmer

Returning swimmers who completed the Returning Swimmer form and swam until the end of June are guaranteed a spot (not necessarily in their previous swim group).

Returning swimmers who did **not** complete the Returning Swimmer form but swam until the end of June can register during the early registration period but are not guaranteed a spot.

Siblings of returning swimmers are also invited to register during the early registration period but do not have a spot reserved for them. For steps on how to register siblings, see 'New Member Registration - Registering a Sibling'.
