

SWAT - EMERGENCY PRACTICE FAQs

Will I stay in my same group?

Not necessarily. The YMCA is required to go back to a 50% capacity limit in all areas of the facility. This means we have to reduce the size of our current groups. As we did in the summer, we have created training groups temporarily to accommodate the new restrictions. You will receive an email following this email letting you know your assigned training group (1-8) and your new schedule. When the city pools open, you will return to your assigned groups – Black, Blue, etc.

Will I have the same coach?

Swimmers will remain with the same coach with some minor changes.

Where do I address any membership or COVID concerns?

Please contact the team president, Stephanie Otero, via email fsxotero@gmail.com or by phone (915) 309-4815.

When will the new schedule start?

The new schedule is effective Saturday, October 17th. (Aqua A and Blue B - you will have your regular Friday practice tomorrow.)

Will the schedule remain the same in November?

We are not sure how long the shutdown will last - for sure the remainder of October. We will communicate as we receive information.

GOOD NEWS – No check in volunteers are needed at the YMCA – their staff takes temperatures and asks the questions.

PLEASE REMEMBER: All safety protocols are still in place:

1. You must wear a mask to enter and exit the facility.
2. You will answer the same questions.
3. No locker rooms – please wear your suit to practice.
4. No parents on deck
