

Swimmer of the Month

March 2021

Molly Browne, AG3/4

Molly brings a great amount of enthusiasm, energy, and drive to every practice, and has really displayed her ability to adapt and continue to develop during this challenging season. She has attended nearly every practice thus far, and when at training Molly motivates and pushes her fellow teammates, while challenging herself and having a ton of fun in the process. Please take the time to congratulate Molly for her hard work this season, and keep up the great work!
