Team Age 9-10: 1st Saskatoon Aqualenes

Team Age 11-12: 1st Saskatoon Aqualenes

Team Age 13-15: 1st Saskatoon Aqualenes

The Saskatoon Aqualenes is a not-for-profit amateur athletic club that develops athletes of all ages and skill levels through teamwork, excellence, fitness and enjoyment. The club, in existence for over 40 years, offers competitive and recreation programs. Programs include both a pool component as well as a dry land training component. In addition to the skill development, synchronized swimming is a real team sport where athletes can learn from and support each other.

Synchronized, also referred to as 'artistic', swimming is a hybrid form of swimming, dance, and gymnastics, consisting of swimmers performing a synchronised routine of elaborate moves in the water, accompanied by music.

Congratulations to the athletes, coaches, volunteers and families!

Come out and watch athletes compete and celebrate their successes at the annual water show!

- Sadie Caulder Knight Championship, April 14-15, 2017; Regina
