## Why is sponsorship needed?

Uxbridge Swim Club (USC) is a not-for-profit swim club established in 1986 and managed by a board of parent volunteers that is seeking funding to help with the costs associated with the sport of competitive swimming.

Each year USC requires over \$200,000 to cover expenses which consists of: pool rental, coaching staff and equipment.

In the 2017-2018 season, several swimmers qualified to compete for places on Team Canada and went onto win medals at the Canadian Nationals in Winnipeg.

## Mission Statement

*The pursuit of excellence in swimming through fitness, leadership and competition.*

## Commitment and Dedication

USC swimmers balance their studies and social life with their commitment to swimming. USC promotes healthy living, healthy nutrition and personal discipline which are necessary to succeed in sport.

Below is a breakdown of the training by level illustrating the dedication each swimmer has for their chosen sport.

Level	Hours/Practices
Novice	4.5 hrs – 3 practices/week
Orange	7.5 hrs – 4 practices/week
White	12 hrs – 6 practices/week
Green	16 hrs – 9 practices/week

## Benefits of Sponsorship

Your generosity is needed to enable our swimmers to be the best they can be.

In return USC can provide sponsors with varying levels of exposure and advertising. The opportunities for our sponsors are many and varied.
