

Whitby Swimming members can now order a selection of clothes via the club's online store.

To access the online store, you must create a user account on this webpage:

<https://www.aquamteamstore.com/login.aspx>

To create an account, you must provide: **the swimmer's name and last name.**

The Club access code is: **WHITBY**

Once your account is created, you can choose the items you wish to purchase and proceed with payment.

Some of the items include personalization. This means you can get the name of the swimmer embroidered to the article of clothing.

In the box "Personalization" please write down in ALL CAPITAL LETTERS what you have chosen to get embroidered (first name, last name, full name or nickname).

Only credit card payment is accepted. Prepaid credit cards and visa debit cards are not accepted.

Every transaction will be deducted from your credit card upon delivery of your order. This means that the total amount of your order will appear as pending authorization on your credit card statement.

Your account will be charged only when your items have shipped.

Multiple charges may appear on your statement if some of the items in your order are back ordered, or if there is a delay in shipment due to personalization. In this case, your card will be initially charged only for the items received. The balance will be charged to your account when the missing items are shipped.

All the orders will be delivered to the club. Once the orders have arrived, you will be notified by the club via email.

**You have until the 18th of October at midnight to place your order.
The delivery of the merchandise is scheduled for the second half of November.
It will be the only opportunity to order before holidays.**

NO EXCHANGES OR REFUNDS
