

To our Aquatic Families,

This new reality that we are all sharing is frustrating at best and we all understand that. It may seem like information is being sent out and then that information changes the next day...it seems like that, because it is true. Our district is navigating a pandemic for the first time and they are doing their best to get things right, but unfortunately there is no manual to follow. At this point, we should try and assume good intentions and be as flexible and patient as possible.

We received this information this morning regarding the "Covid Responsibility Document"... **Parents that have registered their child for the 20-21 school year, (everyone, even the ones that have already submitted a letter) must log in and they must submit an online signature for the COVID 19 Responsibility Letter (District just added it to FamilyID this morning).**

**Please inform all your parents, it shouldn't take more than 2 minutes to log in and find it under agreements. (Title of the agreement is Athletics COVID-19 Shared Responsibility Commitment).**

When you log in:

- Select "El Dorado HS Sports Registration 2020/2021"
- Select "Fall Boys Water Polo" or "Fall Girls Water Polo" or "Spring Swimming"
- Select your participant.

You will have to go through and "sign" each line item again, but at the very end you will find the COVID 19 Responsibility form to electronically sign. Be sure to hit "submit" at the very end.

We apologize for yet another step to get your athletes signed up for athletics. We know that many of you have already turned in this piece, but now there is another hoop to jump through.

Thank you all for your on-going support of our program. We will need that support and your patience more than ever.

Take care.

Thank you!!
