

ORCA's Athlete Protection Policy and Electronic Communication Policy

ORCA's Athlete Protection Policy

Action Plan of the Orange Regional Competitive Aquatics (ORCA) Swim Team to Address Athlete Protection

General:

1. Inappropriate touching between an athlete and an adult non-athlete member or Participating Non-Member (as defined in 401.1) is prohibited, including, but not limited to, excessive touching, hugging, kissing, sexually oriented behavior, sexually stimulating or otherwise inappropriate games, and having an athlete sit on a non-family member adult's lap.
2. Any rubdown or massage performed on an athlete by any adult member or Participating Non-Member, excluding the spouse, parent, guardian, sibling, or personal assistant of such athlete, is prohibited unless such adult is a licensed massage therapist or other certified professional. Any rubdown or massage performed at a swim venue by a licensed professional must be conducted in open/public locations and must never be done with only the athlete and licensed massage therapist in the room. Even if a coach is a licensed massage therapist, the coach shall not perform a rubdown or massage of an athlete under any circumstances.
3. Use of audio or visual recording devices, including a cell phone camera, is not allowed in changing areas, restrooms or locker rooms.
4. Employees and volunteers of USA Swimming, LSCs and member clubs who interact directly and frequently with athletes as a regular part of their duties and individuals with any ownership interest in a member club must be non-athlete members of USA Swimming and satisfactorily complete criminal background checks as required by USA Swimming. This does not apply to volunteers such as timers, marshals, computer operators, etc. who only have limited contact with athletes during a meet.

Travel:

1. Regardless of gender, a coach shall not share a hotel room or other sleeping arrangement with an athlete unless the coach is the parent, guardian, sibling, or spouse of that particular athlete.
2. Team managers and chaperones must be members of USA Swimming and have successfully passed a USA Swimming-required criminal background check.
3. When only one athlete and one coach travel to a competition, the athlete must have his/her parent's (or legal guardian's) written permission in advance to travel alone with the coach.

ORCA's Policy on Electronic Communication

Action Plan of the Orange Regional Competitive Aquatics (ORCA) Swim Team to Address Electronic Communication

Purpose:

The ORCA Swim Team recognizes the prevalence of electronic communication and social media in today's world. Many of our swimmers use these means as their primary method of communication. While the Club acknowledges the value of these methods of communication, the Club also realizes that there are associated risks that must be considered when adults use these methods to communicate with minors.

General Content:

All communications between a coach or other adult and an athlete must be professional in nature and for the purpose of communicating information about team activities. The content and intent of all electronic communications must adhere to the USA Swimming Code of Conduct regarding Athlete Protection.

For example, as with any communication with an athlete, electronic communication should not contain or relate to any of the following:

1. drugs or alcohol use;
2. sexually oriented conversation; sexually explicit language; sexual activity

3. the adult's personal life , social activities, relationship or family issues, or personal problems; and
4. inappropriate or sexually explicit pictures

Note: Any communication concerning an athlete's personal life, social activities, relationship or family issues or personal problems must be transparent, accessible and professional.

Whether one is an athlete, coach, board member or parent, the guiding principle to always use in communication is to ask: "Is this communication something that someone else would find appropriate or acceptable in a face-to-face meeting?" or "Is this something you would be comfortable saying out loud to the intended recipient of your communication in front of the intended recipient's parents, the coaching staff, the board, or other athletes?"

With respect to electronic communications, a simple test that can be used in most cases is whether the electronic communication with swimmers is Transparent, Accessible and Professional.

1. **Transparent:** All electronic communication between coaches and athletes should be transparent. Your communication should not only be clear and direct, but also free of hidden meanings, innuendo and expectations.
2. **Accessible:** All electronic communication between coaches and athletes should be considered a matter of record and part of the Club's records. Whenever possible, include another coach or parent in the communication so that there is no question regarding accessibility.
3. **Professional:** All electronic communication between a coach and an athlete should be conducted professionally as a representative of the Club. This includes word choices, tone, grammar, and subject matter that model the standards and integrity of a staff member.

If your communication meets all three of the T.A.P. criteria, then it is likely your method of communication with athletes will be appropriate.

SNAP CHAT, FACEBOOK, INSTAGRAM, BLOGS, AND SIMILAR SITES:

Coaches may have personal Facebook (or other social media site) pages, but they are not permitted to have any athlete member of the Club join their personal page as a "friend." A coach should not accept any "friend" request from an athlete. In addition, the coach should remind the athlete that this is not permitted. Coaches and athletes are not permitted to "private message" each other through Facebook. Coaches and athletes are not permitted to "instant message" each other through Facebook chat or other IM method.

The Club has an official Facebook page that athletes and their parents can "friend" for information and updates on team-related matters.

Coaches are encouraged to set their pages to "private" to prevent athletes from accessing the coach's personal information.

TWITTER:

Best Practice: The Club has an official Twitter page that coaches, athletes and parents can follow for information and updates on team-related matters. Coaches are not permitted to follow athletes on Twitter. Likewise, athletes are not permitted to follow coaches on Twitter. Coaches and athletes are not permitted to "direct message" each other through Twitter.

TEXTING:

Subject to the general guidelines mentioned above, texting is allowed between coaches and athletes during the hours from 7am until 9pm. Texting only shall be used for the purpose of communicating information directly related to team activities.

EMAIL:

Athletes and coaches may use email to communicate between the hours of 7am and 9pm. When communicating with an athlete through email, a parent, another coach, or a board member must also be copied.

REQUEST TO DISCONTINUE ALL ELECTRONIC COMMUNICATIONS:

The parents or guardians of an athlete may request in writing that their child not be contacted by coaches through any form of electronic communication.
