DEAR SPONSOR/DONOR;

We are a 501(c)3 non-profit year-round swim team that has served the community of San Bernardino and Riverside since 2018. Our mission is to:

- ◆ inspire swimmers to achieve their maximum potential both in the pool and in life, teaching them commitment, dedication, and respect;
- ◆ reduce the risk of drowning;
- ◆ offer children with special needs an opportunity to be safe in and around the water

We were recently given rent-free access to two large rooms adjacent to the pool. One room will be the Exercise room for swimmer fitness training and the other will be a meeting room where parents can watch their athletes train while staying cool in the heat, warm in the cold, and dry in the rain; where kids can do schoolwork, and where we can hold parent meetings and do classroom training. In addition, we need to make the bathrooms ADA compliant.

These rooms need to be renovated and the heating/air conditioning needs to be replaced. Our parents will help with the labor. We are seeking sponsorships and/or donations to help us raise the \$10,000 - \$12,000 we desperately need to complete this project.

We will advertise and promote your business to our Competitive and our Pre-Competitive swim families in exchange for your sponsorship.
