We have worked hard to create an annual schedule that works best for our wonderful families and amazing staff! During closures we often plan this time for important maintenance that cannot be done while swim school is in session, draining, acid scrub and refilling takes several days and we take pride in providing the cleanest environment possible for guests and team members to swim in!

Michael Phelps Swim Membership is based and built on 47 classes a year. We are committed to providing 47 classes regardless of the day you select for your lessons.

When we calculate the amount of our membership we first tally up the total of 47 classes, then provide a discount. Lastly, divide the amount by 12 equal monthly payments. We find that providing everyone the same discount is the family friendly thing to do! We recognize that some months have 3, 4 or 5 classes and yet the fee is still consistent. In the end, every membership has the same 47 classes!

Thank you for being a member of the MPS Family!
