

# TECHNICAL ISSUES

1  
2  
3  
4 The Indiana Swimming Technical Committee is charged with reviewing all legislation that is submitted  
5 to change technical rules, bylaws, or any other necessary changes to the Policies and Procedures  
6 manual or Indiana Swimming Handbook. It is thus necessary to explain the procedure that is taken  
7 when reviewing such submissions.

8  
9 When a suggestion or legislation is submitted the Technical Committee can do one of 6 things with it.

- 10 1. Recommend Adoption
- 11 2. Recommend Defeat
- 12 3. Make No Recommendation
- 13 4. Refer to Committee
- 14 5. Provide an Alternative Solution
- 15 6. Mark as Not Within Technical Committee Jurisdiction

16  
17 These options allow the technical committee to limit the amount that the House of Delegates has to  
18 deal with on the floor.

19  
20 In keeping with Roberts Rules of Order, any submission not going to the floor for any reason may be  
21 brought to the floor of the House of Delegates, but must pass with a 90% vote.

22  
23 If you have further questions about the legislative process, technical rules, or the House of Delegates,  
24 please contact Scott Ingram via email at [singram@omnicityusa.com](mailto:singram@omnicityusa.com) .

25  
26 Respectfully Submitted,

27  
28  
29 Scott Ingram, Technical Chair
