

INDIANA SWIMMING 2018 HOUSE OF DELEGATES
CLUB RECOGNITION SEMINAR FOR INDIANA SWIMMING CLUB LEADERS

8:30 – 10:30 AM: Saturday, September 15

Room L249 North Central High School - Indianapolis

Indiana Swimming needs strong clubs to be a high performing LSC in USA Swimming. Strong clubs contribute to high performing athletes. Join this “working” session to help your team reach the highest levels of USA Swimming’s Club Recognition Program (CRP). Bring your laptops, tablets and club documents as we collaboratively work through CRP levels to increase the performance of ALL clubs in Indiana Swimming. This session is suggested for multiple board members from your club as well as coaches serving in key administrative positions.

An added bonus for your team is that Indiana Swimming has an LSC club incentive program that rewards teams that advance through the CRP program as follows:

Level 1 - \$500; Level 2 - \$250; Level 3 - \$500; Level 4 - \$750.

Don’t miss this unique opportunity to learn and grow together while strengthening your team and helping our Indiana Swimming community become a leader in the nation in CRP achievement!

See below for additional information about USA Swimming’s CRP program for clubs. More information can be found at www.usaswimming.org/clubrecognitionprogram

Have you ever wondered what "great" clubs do to be great? That question is at the heart of the Club Recognition Program (or CRP). This program offers our club members a working blueprint for developing strong, stable, financially sound and athletically productive organizations.

Designed by USA Swimming's National Club Development Committee (comprised primarily of coaches), this voluntary program presents four levels of achievement across four component areas deemed critical to long-term club success (Level IV is the highest level). The program encourages clubs to establish organizational goals and to benchmark their progress toward those goals.

The ultimate objective of the program is to strengthen the club system in USA Swimming by guiding clubs through a development process that ultimately positions the program and its coaches to better serve athletes.

The Club Development Committee looked at many different factors that helped create "great" clubs. The committee grouped all of the factors into four major component areas:

1. Business & Organizational Success
2. Parent & Volunteer Development
3. Coach Development & Education
4. Athlete Development & Performance
