

## **Assistant Coach Openings, Brighton Swim Club -**

Brighton Area Schools (B.A.S.) is initiating a district managed community based youth swim program beginning in the fall of 2017 at its newly built 12 lane aquatics center. B.A.S. is currently accepting applications for assistant coaches for this program. The coaching staff in conjunction with the Head Coach will have the resources and opportunity to build a first class swim program from the entry level up and through high school. The districts goals in starting this program are to provide top quality instruction at all levels of its aquatics programming in a structure that provides symmetry between youth levels and school programs in a manner that delivers students with a meaningful and positive experience throughout their tenure in swimming.

B.A.S. has an average enrollment of 6,000 + students, K-12, and is a district that is committed to excellence in all that it offers the community. The B.A.S. commitment and results are proven and continued to be enhanced academically, culturally, in co-curricular programs, in extra-curricular offerings and in its Division 1, Class A statewide recognized athletics department. The district is located between the metropolitan areas of Detroit and Lansing. Thirty minutes to the south lies the city of Ann Arbor. Due to its location and the convenience of two major expressways, Brighton has become a “bedroom community” of all of these major metropolitan areas. The county is the fastest growing county per capita and economically in the state of Michigan.

Posting Window: July 12th – July 28<sup>th</sup> or until filled.

Term: 9/12 month position includes weekend responsibilities, exact schedule TBD by the needs of the program.

Salary: Negotiable within a range of \$12.00 - \$18.00 an hour based on experience.

Responsibilities: Provide instruction at the level and within the curriculum as established by the head.

Requirements: Required; proven successful coaching experience at the club or at the high school level or above and competitive swimming or diving experience. Must be a registered USA Swimming coach or willing to become one within an agreed upon time frame. Lifeguard, First Aid, & CPR certified. Preferred: Any experience in the following areas: meet management, Colorado Timing, Team Unify, current relevant technical skills (word, excel, power point, team communication mechanisms). Experience coaching in the USA Swimming format preferred. Other relevant experiences that B.A.S. may determine that meet the positions needs.

Reports to: Brighton Swim Club Head Coach
