General chair report

Official background checks – none fell out, requires paperwork for reimbursement
LEAP program: starting early

March – survey: results posted online. Form 3 committees. (see agenda report). Member Services and Registration Structure (Lins to chair). Member communication (Bernard to chair). Long-range vision/planning (need a chair). Recommendations to be presented at HOD in October

REPORT:

At the last HOD, I reported to you that three pressing issues we face as an LSC were Member Registration/Services, the LEAP Program, and the institution of Background Checks. I believe those first two issues are still burning platforms and need to be addressed. I have statistical evidence that we have a few other issues that also need to be looked into.

Mike will go into the background check process during his floor time, I assume. It was met with skepticism by many of the officials, but I am happy to report that we lost very few officials. We did not have any failed results, but did have some who decided not to go through with the check.

As I said last October, I would like to see us make progress on USA-S's LEAP (LSC Evaluation & Achievement Program). LEAP is designed to help improve LSC effectiveness, which is one of five major priorities of 2009-2012 Business Plan. The goal is to have LSCs become more effective and efficient in providing programs and services to the athletes, coaches, officials and clubs in their area. Key strategies include evaluating and redefining LSC roles, responsibilities and priorities and recognizing top-performing LSCs. The LEAP assessment tool provides a roadmap to LSC effectiveness and success in four key areas:

- Business and Organizational Success
- Volunteer Development
- Club and Coach Development
- Athlete Development

LEAP is divided into three levels with LEAP Level 1 required of all LSC's once per quad. We are required to be compliant in 2012, but I would like to see us make every effort to attain level one approval this year. The intent of LEAP Level 1 is:

- To help LSCs self evaluate.
- Be sure that LSCs are meeting all requirements outlined in rules, bylaws, etc.
- Be a reminder of what LSCs need to do and provide so that important items don't fall through the cracks with changes in leadership.

Another pressing need I see in the short run is an overall assessment and improvement in our membership registration/services process. To that extent, a survey was issued in March to non-athlete members (coaches and officials). The results are posted on the website, so I won't go through them in detail. I will highlight the opportunities for improvement identified by our members:

1. Over four out of every ten members is dissatisfied with the annual registration process. Seven out of ten full-time coaches are dissatisfied.
2. Almost five out of ten do not feel member issues are resolved promptly and/or correctly.
3. Almost five out of ten coaches do not feel that their questions are answered correctly and after only one contact.
4. Most full-time coaches do not feel they are kept informed of what it going on with Ohio Swimming, and a majority of these coaches are not satisfied with the communication they get from their OSI coaching representatives and chairs.

Based on this survey, and my review of the other LSCs that are equivalent to us in size, I am going to be asking this House of Delegates to allow me to form three Chair-sponsored teams tasked with studying and recommending any needed changes to allow us to improve service to all our members. These groups will focus on:

1. Member Services and Registration Structure: Look at our structure relative to other LSC's and determine what the desired staffing level should be. The group should look at full-time versus part-time, as well as total needed and total desired duties. I will say that every LSC equivalent in size to ours has at least one FTE in support of Member Services. I don't know if we need to go that route, but I do know that we cannot continue to be a member-driven organization with member dissatisfaction levels that we currently have.
2. Member Communication: We need to improve member satisfaction with communication. This team will be charged with looking at OSI communication with and to members. This review

should include looking at our current web site and its perceived functionality and value to members. This review should also include looking across all key demographics of our organization – Swimmers, coaches, officials, and all other volunteers. This group may be composed of subgroups looking at means of communication, as well as specific areas of communication (e.g. internal coaches' communication).

3. Long-Range Vision and Planning: A number of comments from the survey seemed to question whether or not OSI has a clear vision and a long-term plan of action. I would charge this group with the task of formulating a vision and core values for OSI (needed for LEAP compliance). I would also ask this group to recommend changes necessary to support the vision. This would include clear coordination of all the swimming activities and levels we support, including age group, senior, disability, and diversity/outreach programs. When new swimmers and their parents sign on to Ohio Swimming, they should be able to see a clear and logical path or paths open to them for personal development and long-term success in swimming.

I would like all of these teams to meet as needed and provide report outs and interim or final recommendations at the HOD meeting in October.

To those of you who completed the survey, thank you for your input. I, as well as the Executive Board will try and work to address all issues that we can. Some we cannot address. If we do something to meet one comment, we go against someone else's comment. Another we cannot address is the suggestion for improving the State High School meet in Canton. It is not in our LSC and is run by OHSAA. I forwarded the comments to them. In closing, please do not hesitate to contact myself or the appropriate Chair if you have questions or issues needing resolution. Thanks for your continued support of our athletes.

General Chair, Ohio Swimming, Inc.

Nominating Committee: (Dick Boettcher, Chair)

Officers (Odd year Slate – two year term):

No additional nominations. Accepted slate of Jason Roberts (Sr Chair), David Back (Age Group Chair), Chris Wolford (Treasurer); Mike Bockstiegel (Officials' Chair), Steve Nye (Technical Chair)

Board Of Review (odd year, elect 4 minimum – two year term):

No additional nominations. Accepted slate of Mitchell Paul (ex-officio), Mark Davis, Steve Nye, Carol Richmond, Lins Alt. Theresa Fightmaster will fill out Pat Noonan's term on Board of Review.

2012 Nominating Committee (elect 4 minimum – one year term):

No additional nominations. Accepted slate of Bill Houk, Carl Ollila, Dan Wendorff, Al Kurth

Treasurer Report (Chris Wolford):

Officials must file reimbursement form for a paper trail.

Revised travel reimbursements to be put online with reimbursement

Meet reimbursements are sent as soon as approved by Senior Chair (coaches must file for reimbursement within 30 days or not reimbursed)

Reimbursement money left over is disbursed back to athletes based on mileage (not done until fiscal year is complete)

Complete budget continues to be posted online for all members of OSI to see.

Administrative Vice-Chair (Lins Alt):

Nothing to report

Registration Report (Erin Schwab):

Clubs should have a USA Swimming club portal set up. Can print athlete rosters from this site as being 'official' for membership verification. These rosters are current.

New clubs for 2011: Butler Aquatics, Ft. Meigs YMCA Stingrays, Zanesville YMCA Piranhas, Tiffin YMCA (in progress), Grove City YMCA (in progress), Ashland University (Seasonal), Dayton Dolphins.

Coaches: Need to review approved listing of certifications. Sending in wrong certification can hold up receiving cards.

Registration: NEW transfer form created by USA Swimming to be standardized. Form is on OSI website. There is no longer a 'grace' period for NEW members. If participating, must be registered. Trial evaluation periods are at the Club's own risk.

Statistics: Contact Erin for numbers (clubs, athletes, officials, etc.)

Transmittal of Funds form must be completed – helps with communication between Erin and Kristi. *If a 'check will be to follow', please indicate on the form

Background checks: 3 cards because of this; athletes fell behind because of process with getting the coach/official cards out. USE USA SWIMMING CLUB PORTAL FOR CURRENT ROSTER!

Parents sending in payments/forms: will be returned!

Coach expirations: Contact Erin if you have not received your card in 2 weeks

Outreach/Diversity (Kim Morstadt):

Contact Kim Morstadt with questions.

NTV (Erin Schwab):

Nothing to report

Officials (Mike Bockstiegel):

Background check: thank you to OSI/HOD for reimbursement of \$39 per official

Judy Dusing is retiring as co-chair of Cincinnati commission.

Club need to continue to recruit parents to be officials. Many no longer have swimmers in the pool.

Safety (John Pristash):

1. 2010 Year End Accident Statistics.

- 1,374 accidents reported nationally (up significantly from 1050 last year, but probably due to better reporting).
- 63 accidents reported in Ohio (up significantly from 24 last year but again, probably due to better reporting).
- Summary/statistics available: contact John Pristash.

2. Report of Occurrence (accident) Form

- Last revision made in May 2007, with minor changes.
- Please make sure that you are using the current form (should say or "Revised 5/2007" in lower right corner).
- Form currently available from Ohio Swimming web site (with correct mailing addresses).
- Make sure that all accidents are reported, regardless of their severity.
- Attach any additional documentation (facility report, newspaper article, witness statements, etc.).

3. USA Swimming Safety Chairs Meeting: July 8-10, 2011

- This workshop will be an opportunity for LSC Safety Chairs to meet together to discuss pertinent risk management issues.
- The format will include individual presentations, small group interactive discussions and much audience interaction.
- I need your ideas, suggestions, & questions concerning topics of interest to discuss during this workshop.
- Please forward any ideas to me ASAP so consideration can be given to including them in our agenda. E-mail (address below) would be best.

Coaches Rep to HOD (Mark Davis):

Has respectfully resigned from this position and is being replaced by Ed Bachman to the HOD and by Chris Black as representative to the Central Zone.

Benson Spurling is being replaced by Todd Billhimer.

Changes made to Summer Sectionals 7/21-24/2011 at Cleveland State; no (or very few) Indiana teams will be attending; the meet will be 'open' with a different set of standards for teams outside the Central Zone, but may limit numbers from outside zone; time standards for bonus entry still in effect. Meet information is in the process of being proofed and should be available shortly. New time standards are being posted at www.centralzones.org and www.solonstars.com. There are some other changes, so be sure you read the information when it is posted.

Spring Sectionals March 22-25, 2012. Oxford, Ohio

Summer Sectionals July 25-28, 2012. Location TBD

Olympic Trials June 25-July 2

Age Group (Dave Back):

JO's: FAST and a close meet. Well attended. Need officials to step up and be willing to officiate at this level. Struggling with 9-10 participation at JO level. The Age Group Committee should focus on this.

Regionals: Same issue with officials. Needed a third site in Columbus. 8&unders must have achieved National B cut to participate. ALL Swimmers entering MUST have a time to swim that event. NO 'NT's PERMITTED FOR ENTRY.

Zones: Discussion on funding.

Senior chair (Chris Black):

Senior Meets

The Senior Championships are in great shape! Our Senior Championship meets over the last 3 - 4 years have shown increased participation. Especially our summer meet. The spring 2011 meet did have an issue of vast scratching from finals which will be rectified moving forward

Winter Championships

2011 – 590 athletes, 2010 – 584 athletes, 2009 - 540 athletes, 2008 - 476 athletes, and 2007 – 518 athletes.

Summer Championships

2010 – 415athletes, 2009 – 382 athletes, 2008 – 294 athletes, and 2007 – 231 athletes.

Additionally, the format is very solid and we can now move forward on improving the performance level of our senior athletes.

2011 Summer Championships – Kenyon College; Gambier, Ohio July 7 - 10. **CLOSED.**

Senior Circuit meets are underway. Our goal for the initial year is to average 100 – 150 (had 166 at OSU in April). Moving forward our goal should be to maintain preliminary/timed-finals sessions at 2.5 hours. Over the

course of the next 4 year time period we should begin to focus on making these meets; higher quality and more of regional flavor for LSC's beyond the Ohio LSC border.

Senior Athlete Reimbursement

With the introduction of the Senior Circuit series of meets we now have two options for athletes to qualify for senior travel reimbursement. Open water swimmers are eligible for 1 meet a year and it must be a 'Trials' meet. Same with disability. All information is on the OSI website.

Preferred Future Dates for Senior Championships

Winter 2012 Preferred bid date – March 2 – 4

***Requirement for hosting is that prelims will be short course yards and finals will be long course.

Summer 2012 Preferred bid date – July 12 – 15.

Adaptive (Peggy Ewald):

The USOC now has a full program of 17 resident US Paralympic Resident athletes training for 2012 in London. They are coached by Head Coach Dave Deniston, former Olympic Trial qualifier and retired US Paralympic swimmer. Performance enhancement is the number one goal to be accomplished along with consistent quality coaching and training environment for these athletes.

I made a presentation last month at the Spring Can AM meet in Minneapolis on adaptive swimming and my experiences with the US Paralympic Team for the 30 officials at the meet as part of their continuing education. I will serve as the Team Leader for the 2011 Parapan American Games in Guadalajara, Mexico in November and part of the coaching staff for the Parapan Pac Meet in Edmonton, Canada in August.

In Ohio, the GTAC Disability Meet is set for May 21 & 22 in Cincinnati. It continues to be one the primary developmental meets for disability swimming. National classification will be offered at the meet. Intellectually disabled swimmers are now a part of the paralympic movement and will compete in the 2012 London Paralympic Games. The official classification for ID's is S14. The US is starting to see a few athletes applying for classification.

Ohio Swimming continues to support April Kerley, Mason Rays, as a US Paralympic swimmer who is training in Ohio for the games in 2012.

Paralympian Erin Popovich, 15 time gold medalist, will present a clinic Oct. 22 at Ohio Northern University for coaches and disabled athletes. If you'd like more information please check the website after August 1st for details. I will also have this posted on ONU's swimming website.

Ohio Short Course

- A total of thirty (30) Ohio Records and twenty-one (21) Ohio Championship Meet records were established or reported to the Ohio Records Chair during the 2010-2011 short course season
- Following a review by Coaches and members, records will be forwarded to the Webmaster NLT 15-May-2011
- Very few "Records Applications" were received by the Records Chair this past year, so if anyone needs information or confirmation about records, please contact the Records Chair directly.
- All Ohio reps and coaches should review records for accuracy and report any errors to the Records Chair
- Records can be viewed on the Ohio Swimming website under the "Records" menu at <http://www.swimohio.com/Home.jsp?team=czohlsc>

USA SWIMS database, launched in 2003, continues to expand and provide the swimming community more programs than ever before. If your club is unaware of all programs, GET INVOLVED AND LEARN. Valuable program \$\$\$ dollars, resources, and opportunities for your team are available. Go to USA-Swimming and find out.

*A new program launched in 2009 is the **IM READY** program – a modified version of the **IMX XTREME CHALLENGE** program specifically designed for younger and less experienced swimmers below the JO/AAA level. Learn how your swimmers can achieve an IM READY score and incorporate it into your

program for recognition and goal setting. This new program can also be used to determine novice-to-intermediate camp selections or be used for awards at your next home swim meet format.

*Beginning with the long course 2008 season, the **NAG Top 16 Program** has been replaced with the **NAG Top 10 Recognition Program** – which recognizes the fastest 10 times for all ages 11-18. This is done by age (not age group). For example: top 10 “11 year olds”, top 10 “12 year olds” ...etc. Relays will remain in the age groups: 10-un, 11-12, 13-14, 15-18. To review the current list of times nationally, go to www.usaswimming.org and click the Times/Time Standards menu. Times lists are updated approximately every 2 weeks throughout the year, as well as a write-up about the new program and rationale behind not applying the program to the 10-under age groups.

***Top 10 Certificates** for Long Course 2010 were distributed at the HoD in Oct '10. Certificates for Short Course 2010-2011 will be distributed to clubs upon arrival or at the Oct '11 HoD.

*The **Toyota National Club “Virtual Club” Championships** is now available on the USA-Swimming website. This program extracts results from the official USA SWIMS database, applies an IMX ranking to each performance, and creates a national club ranking. Certain criteria apply; please review the guidelines on the USA-Swimming website.

SWIMS and SWIM CONNECTION

-All Ohio Sanctioned meets from sc2010-2011 have been uploaded to the official USA-Swimming “SWIMS” db, as well as the Ohio “SWIM CONNECTION”.

-There are currently 3,355 members that have setup an account in Swim Connection for access to detailed reports, swim stats, and receiving e-reports following each sanctioned meet. Swim Connection is a service partially subsidized by Ohio Swimming for Ohio families. The program is a “user friendly” system for swimmers, parents, and friends and family to manage their swim performances, view meet results & rankings. Anyone can view meet results and swimmer rankings by simply visiting the website – signing up with a username and password allows members to access advanced features. Beginning in the fall of 2010, Ohio families can pay an annual fee of \$7.50 to access advanced features and receive detailed reports following meets – a discounted price as Ohio swimming pays an annual fee to Swim Connection as subsidy.

-Individual and relay times can be viewed in the public-access USA-Swimming “SWIMS” database at www.usaswimming.org, select “Times/Time Standards” from the main menu.

-Coaches and team managers should know that Hy-Tek “result files” for every meet an Ohio swimmer attends in or out of Ohio are always available at Ohio’s “SWIM CONNECTION” within a day or two after the conclusion of the meet, as long as you request and gain approval for “meet manager privileges” when you logon. Go to www.swimconnection.com/oh/ ...no more waiting around after a meet to get your results file!!

The Role of Ohio Swimming, LSC

The USA Zone Championships occur once per year each August. There are four (4) USA Zones – Central, Eastern, Western, and Southern. Ohio is one of 15 Local Swimming Chapters (LSCs) in the Central Zone. Ohio Swimming coordinates the Ohio Zone Team for the Age Group Zone meet (14 & unders) by providing travel, lodging, equipment, and coaching arrangements for athletes on the Ohio Travel Team. The Ohio Zone Team Coordinator will process entries for all Ohio Swimming families that wish to attend, regardless of whether athletes travel with the team or on their own. Information can be found on the Ohio Swimming website. Athletes wanting to participate in the Senior (15 & over) Zone Championships may enter this meet as they normally would through their club. Entries for the Senior meet are done using the USA-Swimming OME system.
