

This winter was a tremendous year for elite swimmers in Oklahoma. Patrick Callan and Hanna Newby led the way with the country's fastest 18-under 500 yard freestyle and a pair of finals swims at Winter Nationals respectively. Congrats to Patrick, Hanna and all the amazing Okies that broke records and raised the bar for the LSC. Most of our record breakers will return to OK club competition next winter. So this might have just been a prelude to an even more exciting year.
