Discussion to add Mike Tchoukaleff to the initial induction list. Mike asked to be listed next year. Discussion of holding a reception to honor the inductees during the Ozark Championships.

### **SWIMS – Lynn Welsh**

Reminded everyone to apply for observed swims at HS Conference meets. Terry Harms reiterated that observing officials must follow the USA Swimming protocols. Please get requests to Lynn as soon as possible. Dale Anderson asked whether YMCA meets will now be entered into SWIMS. Mike T. will check into whether officials may work simultaneously as a YMCA official, and as the USA Swimming observer. All teams are reminded to complete membership reconciliations.

### **Safety Chair – Sarah Scholten**

Trying to create a Safety Marshal training curriculum, taking about 20 minutes to train the marshals at each team. Lengthy discussion regarding the roles of the referees, vs. meet directors, safety marshals, etc. She can be contacted at: slsnurse@sbcglobal.net if your club wants training.

### **Officials - Mike Tchoukaleff**

87 current officials, 15 apprentice. 2 officials on-deck were recently found to not be current members. This jeopardizes insurance. We have been short on officials at recent meets where, technically, we should have cancelled due to lack of numbers. Please encourage your teams to encourage more people to train as officials. Terry Harms indicated that this is a nation-wide problem. Some discussion followed regarding refereeing by committee, vs. having the referee be present for every minute of every session. The problem is inconsistency in policy. If using two or more referees, they should meet ahead of the competition so that they are “on the same page”.

Delay of meet. Karen Smiley encouraged establishing a policy defining Delay of Meet to keep the standards equal across all Ozark meets.

### **Age Group – Mark Imig**

Long Course Champs will be going to Q1 times to get its size back under control.

### **Technical Planning – Nick Rudich**

Next year’s schedule will start work after Sectionals. Midwestern will be proposing a move of Spring Sectionals during 2008.

### **Athlete Chair**

#### **Old Business**

Age Group committee recommended that overachiever awards still be used, but in a more “user-friendly” format that utilizes the award labels printed by meet manager.

#### **New Business**

Mark Imig mentioned that some of our records were actually set by athletes while representing their HS or College team. We will consider a policy that the athlete must be representing their Ozark USA Swimming club, rather than their HS or college. Discussion failed to provide a consensus.

Surcharges for meets. Barb Friedhoff asked whether Ozark would waive the swimmer surcharge and splash fees associated with hosting Sectionals. It was determined that Ozark waived the fees in 2003, so the same courtesy was extended.

**Next Meeting:**

April 28, 1:00pm at Richmond Heights Community Center

Motion to adjourn at 10:25pm.
