

Wisconsin Swimming Policy 4.3 Finish Judging
Proposed by Officials Committee: 4/23/2011
Recommended by Rules Committee: April 27, 2011

4.3 Minimum Finish Judging

A minimum finish judging of one (1) place judge, and preferably two (2) place judges, shall record the place/finishes of all competitors in a heat for time finals, preliminaries and final races. ~~shall be two officials picking all places "across the board" plus use of the official time as a vote.~~ An exception occurs when no automatic timing system is used. Then two (2) place judges are required.

Rational:

USAS has changed its requirement for place judges from two place judges to one place judge, preferably two place judges. (USAS 102.13.2)

Two judges are required, in a situation like having 8 and Unders finish at the turn end of the pool.
