<p><b>Coaches</b>          Athletic coaches play an extremely influential and unique role in the lives of young men. Because of these relationships, coaches are poised to positively influence how young men think and behave, both on and off the field. Coaching Boys Into Men (CBIM) is the only evidence-based prevention program that trains and motivates high school coaches to teach their young male athletes healthy relationship skills and that violence never equals strength.  <a href="http://www.coachescorner.org/">http://www.coachescorner.org/</a></p>	<p><b>Officials</b></p>
<p><b>Athletes</b>          CBIM has been proven to positively affect male athletes’ bystander behaviors and to reduce abuse perpetration among athletes who receive the program, supporting the effectiveness of a school athletics-based approach as one strategy to prevent dating violence among teens.</p>	<p><b>LSC Others</b></p>
