

TSUNAMI SWIM TEAM VOLUNTEER/MEMBERSHIP AGREEMENT

Hosting swim meets and fundraisers/special events are what allows Tsunami Swim Team to generate income to operate our swim club, support our athletes with coaching, equipment, facilities, opportunities, and to grow as a program.

When families contribute their time through volunteering, they set a great example! It also allows them you, not only, show them as an athlete but their whole program as well.

Volunteering is an important part of our Tsunami culture.

1. Club membership & volunteering

A Tsunami Swim Team member is considered *active* so long as their dues are current, their signed volunteer agreement is on file, and their family/guardian participates in team volunteer hours.

2. Overall expectation of volunteer commitment

Tsunami Swim Team expects families/guardians of all swimmers to be ready to volunteer at ALL club hosted meets and select special events. There will be sign up lists for events and this will allow us to keep track of the hours completed by each family.

3. Volunteer hours guidelines

TST's goal is to build a community where families will jump in to help even after they have fulfilled their volunteer hours. For swim meets we host, we will often need people to step up for more advanced duties that entail donating a little more of your time. We hope that whenever we need help filling volunteer roles, our families/guardians will not feel limited by the minimum hours listed in this agreement. (Note: swimmers are also able to fill certain volunteer roles. Please inquire.)

TST asks that swim families/guardians please contribute the following minimum volunteer hours PER swim season

USA Seasons: Long course season runs from April 1 – September 1, Short Course Season runs from September 1 – April 1

- Long course season: 15 hours
- Short course season: 15 hours

SFRSL Seasons: Spring runs January 1 to April 30, Summer runs May 1 to August 31, Winter runs September 1 to December 31.

- 10 hours per season

Options:

- If you (as a parent/guardian) are unable to fulfill your hours, a member from your family (your swimmer included) over the age of 16, can volunteer on your behalf.
- If volunteering is not something you are able to commit to. There is always a "buy-out" option. The full buy-out for the SFRSL season is \$50. The buy-out for a USA season is based on the season (Long course: \$62.50, Short Course: \$87.50).
- At the end of the season, if you happen to have not completed your assigned number of hours, there will be a fee to cover the remainder. For example, if you were assigned to complete 10 hours and you completed 7. 7 is 70% of 10 (that means 30% of the hours were not fulfilled) so your fee would be 30% of \$50 = \$15.00

We ask that you please keep the first page of this agreement for your records and turn in the signed page to your coaching staff.

Thank you!

Swimmer's name: _____.

I have read and agree to the terms of the Tsunamis Swim Team Volunteer Agreement.
