

2019-20 BSS Age Group SCY Schedule

JM= Junior Makos M=Makos T=Tigers HH= Hammerhead MS= Bolles Middle GW= Great Whites

Our Age Group philosophy on meet entries: Every athlete competes every event at least once per season. Your child's coach is a professional. Please surrender event selection to the partnership of athlete and Coach.

*Officially on a wait list

**Will enter if NCSA remains closed

Technical suits can be considered at the near FLAG level and up. If so, it shall be a TYR brand as they are the primary sponsor of our team and this also unifies our team in appearance. Athletes concerned about a TYR suit are asked to be fitted and try the TYR suits before discussing other options with a coach.

Level 1 technical suit is a TYR Fusion

Level 2 technical suit is a TYR Thresher

Level 3 technical suit is a TYR Tracer (Light and B-Series)

Level 4 technical suit is a TYR Avictor

Level 5 technical suit is a TYR Venzo

Each suit level brings an increased expense with less resistance and greater compression. *Start at Level 1 and work your way up.* Young swimmers will not immediately see performance benefits from higher level suits, we support you finding the best suit price and fit for you. These suits fit differently and may 'feel' different as the swimmer grows, young athletes often equate comfort with success and higher level suits may fit very differently than expected. Technical suits have a short shelf-life. Fit them tight, use them sparingly, and follow fabric care instructions. Both the Carolina Swim Shop staff and TYR representatives can help our families with the best fit for technical suits.

USA Swimming's 12 & under ban on all technical suits goes into effect on September 1, 2020.
