

Silver Shield Recommendations for Daily Use

Well Adult
1 tsp, 1x day

Compromised Adult
1 tsp, 2x day

Sick Adult
2 tsp, 3x day – up to
3 tsp, 3x day

Ultimate level of extreme use for such as Malaria or Lyme's Disease in first week:
1 4oz bottle sipped throughout the first day. Then 1 bottle consumed over the next 2 days
Then 1 bottle for the rest of the week. Continue 2 weeks at this level; then maintain with 2 tsp, 2x day

Applications:

Acne: apply Silver Shield Gel 2-4x day

Athlete's Foot & Fingernail Fungus: Spray the nails with Silver Shield twice a day

Burns: Spray Silver Shield liquid or apply Silver Shield gel every 4 hours. Also, take 1 tsp, 2-4x daily

Ear Infections: Drop a few drops of Silver Shield into the ear & lie on your side for 8 minutes. Repeat 4 times daily.

Eye Infections, Irritations, Injuries: Rinse the eye with Silver Shield or apply drops directly in the eye.

Deodorant: Spray Silver Shield or apply the gel under the arms.

Dental & Mouth Infections: Swish Silver Shield in mouth for 6 minutes & swallow. If you cannot hold it for 6 minutes, swallow & repeat for a total of 6 min

Diaper Rash: Spray the affected area or apply Silver Shield Gel at each diaper change.

Flowers, Cut: Add Silver Shield to the water of cut flowers & they will last 3-4 times longer.

Fungal Infection: Spray the affected area 2-4 times daily & take Silver Shield internally.

Growths: Apply Silver Shield Gel & allow to dry four times daily.

Hand Sanitizer: Apply Silver Shield Gel & allowing to dry.

Kidney & Bladder Infections: Take 1 teaspoon internally every 2-4 hours

Skin: Using a nasal atomizer or saline nasal spray bottle, administer the Silver Shield up the nose for a total of 6 minutes. If you need to blow your nose, respray until you have done this for a total of six min. For best results, also Sinus Support EF & Olive Leaf or CC-A at the same time.

Sore Throats: Spray or gargle with Silver Shield Every 2-3 hours, swallowing after gargling.

Stinky Shoes: Spray with Silver Shield. Let dry before wearing.

Toenail & Fingernail Fungus: Spray nails 2-4 times daily, allowing spray to dry.

Vaginal Infection: Silver Shield Gel is very easy to apply to the vaginal area after each trip to the bathroom & very effective at killing the fungus that causes the itching & burning. For even better results, take Yeast/Fungal Detox & Probiotic Eleven at the same time.

Viral Infections: Take 1 teaspoon of Silver Shield internally every 2-4 hours.

Water Purification: Add 1 teaspoon of Silver Shield to a pitcher of drinking water.

Wound Management: Spray Silver Shield liquid or apply Silver Shield Gel every 4 hours. For greater effectiveness, also take 1 teaspoon 2-4 times daily internally.

How Does Silver Shield Work?

This new patented form of silver supplement is safe enough to consume every day while powerful enough to destroy the causes of many serious diseases like strep throat, Staph, pneumonia, salmonella, dysentery & yeast.

Halladay R, Christensen H., US Patent # 7,135,195 (Nov 14, 2006)

WITHOUT SILVER: Abnormal DNA strands within the virus inject themselves into a healthy cell where they rupture the cell, causing disease. This process is repeated over & over as illness develops. WITH SILVER: Abnormal DNA strands within the virus a magnetically attracted to the supercharged silver particle. Silver Shield magnetically binds & inactivates viral DNA so that it can no longer be injected into healthy cells & the silver continues to bind & inactivate any remaining viruses within the body.
