

Covid Travel Policies

In light of the recent pandemic, we are imposing the following policies in regard to team travel. This applies to all staff members, chaperones, and athletes.

In order to travel with the Zone Team, you agree to provide ONE of the following:

1. ***A COVID-19 vaccination card showing that you are fully vaccinated prior to the date of departure.*** (Per CDC guidelines, you are considered fully vaccinated 14 days after the date you receive your final vaccine dose.)
2. ***Results from a PCR test that show you have tested negative for COVID-19.*** The test must be conducted no more than 72 hours prior to the date of departure. Even with a negative PCR test, you must still wear a mask at all times while in the presence of others. Results from a rapid Antigen test will not be accepted.
3. ***Results from an antibody test that show you have tested positive for the presence of COVID-19 antibodies.*** The test must be conducted no more than 10 days prior to the date of departure.

If you are unwilling or unable to test or vaccinate prior to travel you will still be allowed to participate. However, you will be required to provide your own transportation to the event and pay all associated costs (\$1,050).
