

Settler's Way/Park Rules

Settler's Park Pool parking area is not ideal and is always crowded. Please allow extra time and, above all else, please be patient and courteous as you pick up/drop off for the safety of our kids. FCST is renting this facility and it is important that our members follow all rules set forth by the community homeowners association.

1. Swimmer Drop Off and Pick Up

Circle Drive: For Drop off and Continuous Pick Up only!

Please do not park or wait in the circle drive at Settlers Park pool. This circle drive is for drop off and continuous pick-up only. *If your child is not ready to be picked up please do not enter the drive.*

Enter the second drive (closest to the tennis court lot) and drive clock-wise through the circle exiting back onto Settlers Way.

If you want to park and wait for your swimmer, please park in a parking space at one of the two parking lots available by the pool area. If the lots are full you must park across the street in the school parking lot. Parents may wait in their cars in the right lane of Settler's Way or Greenfield as long as they do not block the entrances/exits. If you wait on Settler's Way you must wait behind the drop off circle area. Please do not wait in the parking lot unless in a parking space. When you see your swimmer exit for pick-up you may proceed to the circle pick up area.

Honor all No Parking Areas, Fire Zones.

2. No parents allowed on deck.

Parents may wait outside the gated area.

3. Bathrooms

We are responsible for the bathrooms at this pool. Please help keep them clean by flushing toilets and depositing all trash in trashcans.

4. Clean Deck After Each Practice

Swimmers must clean the deck before they leave. Make sure all trash is thrown away and all your items (swim gear and clothes) are collected and go home with you after each practice.
