

Welcome to Pearland Aquatics (PEAK)

2019-2020 Swim Year

Come join the fun!

We are delighted that your swimmer is interested in joining PEAK for the 2019-2020 swim year!

The PEAK website has group descriptions as well the practice schedule for each group. The website also has other information such as equipment needed for each group and parent information. Please visit the menu under the top Info tab at www.pearlandaquatics.org to see these items.

There are competitive and non-competitive options for swimmers; following tryouts today, you will be given placement options for your swimmer. Brief descriptions are listed below:

Year-Round Team Program

This is our traditional swim team program for returning team swimmers and for new swimmers who are ready to commit to a year-round team. Swimmers are divided by age groups and skill levels.

Registration costs for the year-round team are the first month's tuition along with a \$120 team registration fee plus a \$92 USA Swimming Membership. Families in the regular team program have a 15-hour service requirement and a \$200 fundraiser requirement. There are 3 hosted meets a year at the Pearland Natatorium in which to earn service hours as well as timing opportunities at away meets and other PEAK activities. We have an annual fundraiser event to help families meet their fundraising requirement.

Monthly tuition is:

Novice I-\$125/month	Bronze I-\$150/month	Gold-\$210/month
Age Group I-\$125/month (red and blue groups)	Bronze II-\$170/month	
Novice II-\$140/month	Bronze III-\$170/month	
Age Group II-\$140/month (red, purple, and blue groups)	Silver I-\$155/month	
Junior Development-\$140/month	Silver II-\$185/month	
	Senior-\$140/month	

Tech Fit Program

This non-competitive group focuses on technique for those wanting to improve fitness and swim skills and for those wanting to cross train for other sports. This program may be ideal for swimmers who do not want to commit to swimming every month and do not want the opportunity to compete. There are no family service hours or fundraising requirements for Tech Fit. The Tech Fit program is offered September through May.

Tech Fit costs \$145 for each month enrolled; space is limited for each month's enrollment, and enrollment is first-come, first-serve. (For sessions in December and January the cost is \$105/month.) There is no team registration fee to enroll in the Tech Fit Program.

So how do we join?

To register, please follow the instructions on the registration handout given at the tryouts. As a reminder, all swimmers must complete a tryout and have coach approval to join PEAK programs.

What if I have questions?

We would love to answer your questions! We want to make sure you are comfortable and clear with how the swim world works, and we want your child to have the best swim experience possible. Please feel free to reach out to us as needed.
