

RICE Aquatics Updated Covid -19 Travel Guidelines

RICE is continually monitoring the ongoing health CDC, Local and State guidelines around Covid-19 and how they impact travel within our team. It is our continued priority to put safety first for our Athletes and Staff. These policies will continue to be updated as we navigate the next weeks and months.

RICE realizes each travel scenario is unique and comes with its own specific risks. With this in mind we have adopted a travel policy around Road, Air and International travel scenarios. With all of these scenarios the team must be notified prior to travel. We are asking that each scenario families continue to practice our social distancing practices and do a self-account of Activity Risk regardless of type of travel.
