SCAN ME

Did you forget to fill out the Safety Pre-Screening Questionnaire and Indemnity Agreement? Not a problem. Please use the QR code that will lead you directly to the online forms.

How do I scan a QR code?

Depending on your device, you might already have a built-in QR Code reader or scanner. Open the camera app on your mobile phone and hold it over a Code for a few seconds until a notification pops up. If this doesn't happen, check your settings and see if QR Code scanning is enabled. Still not working? Use the following link:
