

Spectator Registration

When IFLY practices resume on July 27, parents/spectators will be able to enter the CRWC and observe practice from the Natatorium seating area (no spectators will be allowed on the pool deck). All spectators must wear a mask and maintain a distance of 6 feet between them.

In order to gain access to the building and observe practice, each parent/guardian/spectator must register with Recreational Services by clicking this link and completing the form:

https://uiowa.qualtrics.com/jfe/form/SV_1FxixcuEfh2dPQF

**The deadline to complete this form is Monday, August 20. Please note that each parent/guardian/spectator must fill out the information (if you plan to have multiple members of your family attend, each individual must complete the form).

If you wish to observe practice, you must register for that time slot online. We will send more information about this soon.

Billing

When practices resume on July 27, IFLY will bill membership dues according to the following timeline:

Reopening Phase (Date)	Group(s)	Dues
Phase 1 (July 27)	SR Elite, Senior, JR Elite, Junior, Pre-Elite, Masters	Full month of August *See below for more info about HS Girls
Phase 2 (TBD)	Sophomore, Freshmen	Half month of August
Phase 3 (TBD)	Developmental	Full month of September

As of now, our plan is to begin Phase 2 two weeks after starting Phase 1 on July 27. Similarly, we plan to begin Phase 3 two weeks after Phase 2. We are continually learning more from Recreational Services about how many practice opportunities we will have each day, and will keep you updated. However, please understand that ALL of this plan is subject to change at any time.

High School Girls that plan to join us on July 27 until the beginning of the HS season will be billed for half of the monthly dues for August. In September and October, we will honor the limited participation fee.

Further, IFLY must adhere to a strict number of swimmers in the water during each of our practice times. In order to do so, we will not initiate group move-ups during the phased reopening. As we progress through the phases, we will continually evaluate the situation and when it may be best to move swimmers to their new groups as planned in March/April.

Equipment

As we return to practice, we strongly encourage all of our swimmers to have their own training equipment. We will have a few pull buoys and kickboards available, but they must be sanitized after each use.

We have spoken with Eric at Splash Multisport, and he does have inventory available for all items listed on our website. We encourage you to visit the Team Store link on our website (link below) and view the suggested equipment for the group your swimmer(s) will be joining when we are able to initiate move-ups.

Please direct any questions about equipment to Tanja at tanja-sadecky@uiowa.edu.
