CAST Scholarship Application - Information & Rules

2016 - 2017

SCHOLARSHIP INFORMATION AND RULES:

1. Families are eligible to apply for a scholarship after they have been on the team for six months.
2. Scholarships are good for one half of the monthly dues for a period of three months. The swim year starts in September and ends the following August.
3. Scholarships are awarded as a portion of your monthly dues with the total award not to exceed one half the monthly dues for a total of three months. They are determined by a number of factors, including but not limited to: need, number of families applying, and amount of scholarship dollars available.
4. Swimmers that are awarded scholarships must attend at least 70% of all practices every month of their scholarship period. It will be the swimmers responsibilities to sign in every practice.
5. Families awarded scholarships will be expected to contribute 8 volunteer hours a month to CAST for each month of scholarship (meet hours are excluded from this). Specific volunteer duties will be determined and assigned by the CAST board. Failure to complete volunteer hours may result in your scholarship being rescinded.
6. Monthly dues are always paid in advance. The scholarship dollars that are awarded will be applied to your account after you pay your half of the dues. If you fail to pay your portion of the fees by the 5th of each month, you may lose your scholarship.
7. If you are having problems or questions please notify the CAST board.
8. Swimmers are encouraged to seek outside sponsors to assist with dues and associated costs.

Remember the scholarship fund was created to assist families in need. We hope to be able to assist any swimmer if they have the desire to swim with CAST.
