MEET ENTRIES

Meet entries must be submitted to the head coach by the date shown below the swim meet on the Team Website. Late entries may not be accepted due to deadlines. Acceptable notification is by team unify only. In an emergency, a phone message or email may be accepted, but please limit this practice as it is not ideal.

MEET DESCRIPTIONS

Meets in **GREEN** are developmental meets intended for our newer swimmers or by coach invitation for selected veteran swimmers in special events.

Meets in **BLUE** are open to anyone who would like to attend. Attendance at these meets is encouraged for the whole team.

Meets in **Red** are **REQUIRED** for the entire team. These are meets that we host as fundraisers for our team's financial well-being.

Meets in **ORANGE** are meets that require a time standard be met and are **REQUIRED** for those who meet the standards. This is to give the club a presence at higher-level competitions and score points as a team when applicable. Time standards will be available on the Velocity web site.

Head Coach Philosophy on meet

attendance: Swim meets are a way to chart swimmers progress as well as a way for them to apply the skills that they learn in practice in a competitive environment. As such, participation in at least one meet per month is requested when provided—**even if it is only for one day!**

Our three "HOME" Open Meets and ALL Championship Meets qualified for are considered REQUIRED for all team members and an excuse must be gained from the head coach to miss these events!

Scratches after meet entries have been sent will be billed to your account.
