AIDAN SHEA FOUNDATION SWIM-A-THON

Sponsored by the Tiger Sharks Swim Club

Dear Swim-a-Thon Supporter,

This is our second year supporting the Aidan Shea Foundation. Aidan was an amazing Elmhurst boy who passed away unexpectedly in December of 2015 at the age of 10 due to an undetected AVM (arteriovenous malformation) in his brain. Aidan was a member of the Tiger Sharks Swim Club, an avid drummer, and soccer player. He loved Greek Mythology, all things military, reading, the Jackson Jaguars, Under Armour clothing and playing with his twin brother Connor and younger brother Liam. Aidan was a generous and compassionate boy who brought a smile to many faces every day of his life.

The Tiger Shark Swim Club had a significant impact on Aidan's life. The current focus of the foundation is to honor Aidan's memory through events he would enjoy while simultaneously raising funds for the Lurie Children's Hospital Foundation and the Jackson Elementary School Library Renovation project.

Here's how Swim-a-Thon works, you pledge or donate a certain amount of money for the laps in the pool that I can swim. You can write off 100% of your donation as all funds will go directly to the Aidan Shea Foundation.

I hope you will be a sponsor because your contribution will keep Aidan's memory alive and support important causes in our community.

If I can count on your support, please respond in one of two ways:

- Contribute a direct donation via a check made out to the **Aidan Shea Foundation** (noting my name on the check).
- Reply back with a pledge amount per lap. After the event, I will let you know how many laps I swam!

Thank You,

Tiger Sharks Swimmer
