

2017-2018 JAWS VOLUNTEER AGREEMENT

Fundraising is a part of any swim team or youth sports organization. JAWS has a large budget per year and only part of that is met by training fees. Our fundraiser efforts must fill the gap in order to provide quality coaches and allow us to keep our due structure affordable while practicing in a beautiful facility. Our hosted swim meets generate much of the income for our team and all members are required to work volunteer hours at our home meets, regardless of whether your child is competing.
